

Orientation Week Assignment – Understanding the ResRules

Residence Life creates a community environment where our students can feel a sense of belonging, build resilience, and be academically successful. We encourage the personal development of our community members by holding individuals accountable for violations of the residence behavioural expectations.

The Residence Rules and Regulations (ResRules), as a part of the overall residence experience, are designed to:

- Create connection and belonging within a safe and respectful residence community.
- Challenge residents to think critically, accept responsibility for their actions, and learn and grow from their experiences.
- Emphasize the rights, responsibilities, dignity, and academic pursuits of all residents.

Educational sanctions are designed to provide residents who have been found responsible for a violation of the ResRules with the opportunity reflect on their behaviour and the consequences of their actions. Educational sanctions are not academic assignments.

Learning Outcomes

Residents who participate in this sanction will:

- Understand the Residence Rules and Regulations.
- Identify how the Residence Conduct process can support student well-being and success.
- Describe how they can contribute positively to the residence community.
