August 2018 Edition

September 1st: Move-in Day!

Residence move-in day is coming soon! We are excited to welcome your student to campus and their new home!

Here's what you need to know to prepare for the big day:
Before you arrive:

- Your student will receive their room assignment at the end of August through their Queen's e-mail address, along with an assigned move-in time. Please respect your assigned move-in time to help with the flow of traffic and lineups for elevators. Plan for extra time to reach campus from the highway, due to increased traffic.
- Driving directions for each building are available on our website on each residence building page under the "[Our Buildings](#)" tab, along with a coloured 'zone card' for your windshield, to help volunteers direct you. Please follow these directions (not online maps or GPS) as there is construction in Kingston and a number of streets around the campus have been re-routed for move-in day. Our move-in map (available on our website in late August) has colour-coded routes and one-way streets marked, and our parking maps (available in late August) will help you find your designated parking lot.
- Need a place to stay? Residence buildings and nearby streets are closed until 8:00 a.m. on September 1st and early move-in or storage is not available. If you require accommodations/storage in Kingston prior to that date, be sure to [book accommodations](#) early as local hotels/motels book up quickly. We ask that you do not send packages in advance, as we are not able to store items.
- If you need specific assistance moving into your residence building (for example, due to a physical disability), please contact our Move-In Assistant in advance at: movein@queensu.ca or at: 613-929-2697.

Stop, Drop and Go Park

Our volunteers will direct you to a drop zone near your residence building.

Drop off your student and their belongings, but don't park or leave your vehicle without a driver.

Park in your designated parking area.

*Important! Please follow our "Stop/Drop/Go Park" process to keep the lineups moving – drop your student and belongings and then immediately move your car to your designated parking lot. Cars left parked or without a driver will be towed to an outer area of campus.

Food Allergy?

Does your student have a food allergy? It's important that they contact us before they arrive (613-533-2953 or dining@queensu.ca) to set up an appointment with our Dietitian or Chef to discuss their specific needs. Information about services for those with allergies is available on our [Hospitality Services website](#).

Don't forget:

- Orientation is 'substance free' – no alcohol or drugs are allowed in any of our residences during Orientation
- To help everyone settle into our Residence community, guests are also not permitted in Residence during Orientation Week

Computers, ResNet and Wifi Routers:

Some of our buildings have wired internet access while others have wireless access. Students who live in a building with wired internet access may want to consider bringing a wireless router. Our [website](#) has information about our internet service and wireless routers.
