Getting Organized for Exams

There are a number of great resources on campus to help students build skills and get organized for final exams. Student Academic Success Services (SASS) offers learning strategies workshops, a writing centre and peer support. Library staff can also provide great tips for making the most of library resources.

Exam schedules are posted in SOLUS, our online student information centre.

Students who are feeling stressed can also access resources at Student Wellness Services.
Planning for move-out

Please note that in order to maintain a quiet and respectful study environment in our buildings, students are required to vacate their room no later than 24 hours after the beginning of their last exam. Should students have extenuating circumstances that require them to stay past that deadline, they may request approval by filling out the April Residence Extension Request Form, accessed through the Student Gateway.

Please note that all Residences close at noon on April 28th – all students must vacate by that time. Students with specific academic requirements past the move-out date will receive specific instructions by e-mail.

Summer Studies

Some students wish to continue their studies throughout the summer. The Bader International Study Centre, our second campus in England, offers a number of summer courses and the chance to study while exploring Europe.

Is your student looking for a place to live?

Queen’s Community Housing provides a listing service, with units and rentals from local landlords.

Student Community Relations provides advice and education on the local rental housing market, landlord-tenant relations and lease provisions, house-mate compatibility issues, and other off-campus housing questions.

Summer Jobs

Summer jobs are a great way for students to gain real-world experience during their studies. Queen’s Career Services offers a wealth of information about job opportunities both on-campus and across Canada in a number of different fields.
