Queen's University Residence Life prioritizes the following three pillars:

**Sense of Belonging**
*Helping students feel connected at Queen's and providing opportunities for active engagement within the campus and Kingston communities.*

**Resilience**
*Encouraging students to problem solve, think critically, accept responsibility for one's actions, and learn and grow from challenging experiences.*

**Academic Success**
*Helping students identify and strive to achieve realistic and tangible goals that contribute to their overall academic efforts.*

The Living Learning Program at Queen's offers students a wealth of enrichment opportunities which aid in the transition to University and success in future years of post-secondary education.

To apply to be part of a Living Learning Community, please indicate interest on your residence application.

What is a Living Learning Community?

A Living Learning Community is a group of students who live together in an area of residence, who share a common program, career goal, and/or personal interests.

Living Learning Communities (LLCs) are floors or clusters of rooms where students with similar interests and values live together and engage in creative, social, and educational programming related to the topic of their specific community.

LLCs provide students with the opportunity to:

- Meet like-minded friends
- Connect with a variety of Queen's Faculty outside of the classroom
- Share goals, projects, and challenges
- Benefit from peer and professionally led events created with students' interests and development in mind
Core LLC Experiences

In each of our LLCs, there are four core experiences:

1. **Learning Lunches**
   - Shared lunches with a faculty or staff member occurring twice per term

2. **Bi-weekly Community Meetings**
   - An opportunity for the residence community to reconnect and discuss upcoming events in residence, on campus, and in the Kingston area

3. **Program-wide Leadership Skill Building Workshops (Living Learning Programs)**
   - Monthly workshops that allow students across the LLC program to make connections with their peers and gain valuable personal growth skills

4. **LLC Legacy Project**
   - An annual project each LLC designs and implements throughout the year to leave a lasting impact on their floor, residence, campus, or Kingston community

Note:
Participation in the four LLC Core Experiences is not mandatory, but is highly encouraged!
Living Learning Program Workshops

Living Learning Program Workshops are monthly personal growth and skill-building programs offered only to students residing in our Living Learning Communities. Living Learning Program Workshops allow students to meet other first-year students across campus and participate in highly engaging and reflective activities.

Possible Workshop Topics

- "Going from the Known to the New"
- "Strengths Based Leadership"
- "Contributing to Your Communities"
- "Equity, Diversity, & Inclusion at Queen's"
- "New Year, New You"
- "To Second Year and Beyond"

Regular participants in LLC Program Workshops will earn a Leadership Certificate at the end of the year!
Active Living

**Interest-Based**

**OVERVIEW**
The Active Living community is designed for like-minded students from a variety of programs and faculties who enjoy being active and strive to live healthy, well-balanced lifestyles.

**WHO**
First-year students who want to focus on their holistic well-being while living in residence.

**PAST PROGRAM HIGHLIGHTS**
- Volleyball Intramurals
- Dodgeball Intramural team
- Kingston Climbing Gym
- Basketball Intramurals
- Inter-floor Ultimate Frisbee
- Learning Lunches
- Kingston Frontenac Hockey Games
- Body Movement Lab Visit
- Night @ the Movies: "Concussion"
- Coffee with the campus Dietitian
Bimaadiziwin Ka'nikonhriyo  
(Indigenous & Allies)  
Interest-Based

OVERVIEW

With an emphasis on intercultural understanding and leadership development, this LLC weaves concepts from the Ojibwe word "Bimaadiziwin" meaning "the way of a good life" with the Mohawk word "Ka'nikonhriyo" meaning "the good mind".

WHO

This community welcomes both Indigenous and non-Indigenous students who are interested in learning more about Indigenous peoples, teachings, traditions, and culture as it impacts them as individuals and community members.

PAST PROGRAM HIGHLIGHTS

- Four Directions Evening Visits
- Women's Full Moon Ceremony
- Hand Drum Making
- Elder Teachings
- "Friendsgiving Feast"
- Interactive Language Learning
- Kairos Blanket Exercise
- Moccasin Making Workshop

*Students in this community are supported by both Residence Life and the Four Directions Indigenous Student Centre.
Creative Arts

- Museum of Health Care Tour
- On-Going Floor Study Groups
- Body Movement Lab Visit
- Film Nights
- In-House Science Experiments
- Science LLC Dodgeball Team
- Slime Making Workshop
- Geology Rocks Tour
- Learning Lunch with Dr. Arthur McDonald (2015 Nobel Prize recipient)
"I think that knowing off the bat that there are people with similar interests as you and being in a small group let our LLC become very close, and it really helped me feel accepted at Queen's."

- Active Living LLC Student, 2017-2018

"I think just having a web of support and guidance, whether that be the workshops or people I've met, has been super helpful in transitioning to university and helping me find my footing and I'm very grateful for all of it!"

- Computer Science LLC Student, 2016-2017

"I have really appreciated the opportunity to learn new transferable skills, and also to make new connections around campus not only with students, but adults in higher positions as well. Living in an LLC has been such an asset."

- Leadership LLC Student, 2016-2017

"I loved all of the academic support that I got this year and I have made amazing friends... they are in the same program which is a bonus!"

- Nursing LLC Student, 2017-2018
