

Good afternoon,

As you'll be aware, the Government of Ontario has announced that [province wide shutdown](#) measures will be in effect from April 3 at 12:01 am for four weeks. You can review [COVID-19 information](#) and the [Provost's message](#) about the university's response.

Here is how the "emergency brake" will impact your remaining time in residence:

- Dining halls will be limited to take out only. You are encouraged to use mobile ordering.
 - Please visit the [Hospitality Services page](#) for information on best times to avoid lineups and the link to the Student Residence and Dining Portal for online ordering.
- Location 21 and the Lazy Scholar remain open for take-out only. Booster Juice in the Queen's Centre closed at 5:30 pm today for the remainder of the term. Please check our website for [long weekend hours](#).
- Residence floor lounges and common rooms will be closed
- The [Athletics and Recreation Centre \(ARC\)](#) will remain closed. Virtual fitness classes are available daily.
- All on-campus study spaces are closed. The library is open for curbside pickup only.

It is essential that you continue to be diligent in adhering to all public health and residence restrictions. Limit your contacts to only those in your household - indoor and outdoor gatherings continue to be restricted to a maximum of 5 people; mask wearing, hand hygiene and physical distancing are still critical.

Asymptomatic testing continues to be available. You can [book an appointment on campus](#) by calling Student Wellness Services at 613-533-2506. Students can also access daytime and evening appointments at the Kingston Assessment Centre. For hours and to book online, visit [KHSC community assessment centre](#)

We know these are unsettling times and we appreciate that these changes are frustrating. We understand that some students may choose to move out and finish the term from home. If you are moving out, please review the move out check-list and other details on our [Moving Out webpage](#).

If you have questions, please email reslife@queensu.ca or connect with us through LiveChat on our [website](#).

Sincerely,
Residence Life and Services Team
